

Realtors, Agents, Mortgage Companies

We recognize that the sale, transfer or purchase of a property in a managed community often creates the need to transaction histories and documents. All of these requests should go through Community Association Management. All document requests are ordered online through their website for ease of retrieval. Their service allows for the delivery of these documents without having to make multiple contacts, emails, phone tag. Documents are normally delivered in 3-4 business days. If you require the information in less time or immediately, there will be additional costs for expediting the information.

The following information is available online through Community Association Management:

Master Insurance Certificates
Realtor Reports
Lender Questionnaires
Appraiser Property Information
Resale Disclosures
Closing Certificates & Estoppel Letters and more.

Please visit their website
